

## ***Christmas Tree Safety Tips from the State Fire Marshal's Office***

- ❖ Make a fresh cut on the bottom of the tree.
- ❖ Place in a reservoir type tree stand and water daily.
- ❖ Never use lights with frayed cords or empty sockets.
- ❖ Mini lights are safest; they produce less heat.
- ❖ Turn off all Christmas lights prior to leaving your home or going to bed.
- ❖ Safely dispose of your tree before it becomes dangerously dry.
- ❖ Never burn your tree or any part of it in a fireplace.
- ❖ Do not use candles on or near your tree.
- ❖ Be sure to test your smoke detectors.

***Have a fire safe  
holiday season!***
